L. A. CAVANAUGH
President and Managing Director

In this, our third year, in the business of selling Athletic Supplies and Recreation Equipment, we are more than ever convinced we made a good move when adding this department to our Automotive business which is now in its twenty-first year.

Sporting Goods and Athletic Equipment furnish a real opportunity for recreation and it is rapidly becoming a well known fact that "It Pays to Play." Proper exercise regularly taken will save many a doctor bill and keep the body in a wonderfully "fit" condition.

In line with our well known policy of securing the best possible brands of merchandise we have obtained such lines as "C.C.M. Skates" and winter goods equipment, D. & M. Athletic Equipment, the famous Hagen Golf Clubs, Slazenger Tennis and Badminton Rackets, and in just a few years have established ourselves as headquarters for "Fishing Tackle."

With our three large and well assorted stocks in Calgary, Edmonton and Lethbridge, we are in a position to give prompt and satisfying service. Your patronage is earnestly solicited.

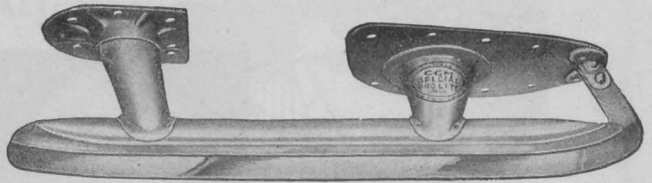

L. A. CAVANAUGH,
Motor Car Supply Co. of Canada. Ltd.

SPECIAL ANNOUNCEMENT

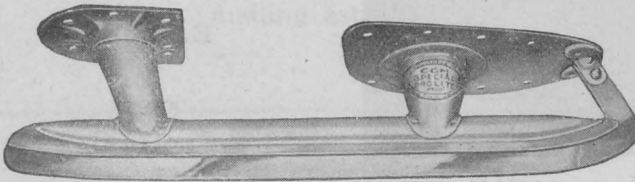

We are pleased to announce to the trade that we are distributors in Alberta and Eastern B.C. for the entire winter line of the Canada Cycle & Motor Co., Limited. Stocks are carried in Calgary, Edmonton and Lethbridge of the well-known C.C.M. Skates, Boots, Hockey and Skating Outfits, Hockey Sticks and all C.C.M. Hockey Equipment. Prices will be Winnipeg Trade Prices plus freight to Calgary. We feel sure you will appreciate getting this much quicker service.

Hockey is the leading winter sport. Athletic clubs everywhere are organizing hockey branches, and they, as well as individuals, are searching for the best equipment. The C.C.M. Hockey Equipment Line is most complete in style and range of sizes. The C.C.M. Line is in popular demand everywhere. Every effort is made to assure the player the extreme in style, comfort and wear.

Hockey is a strenuous game—hard, vigorous body checking, enlivened with spills and crashes. Every player should see that he is properly equipped to afford the maximum protection. Illustrated herewith we suggest two styles of protection—the right side indicates the required equipment for a defense player, while the left side offers a suggestion for forward players.

A goalkeeper, more so than any other player, requires plenty of protection. Very little of the body should be left unprotected for the pucks travel mighty fast towards the net and the puck is not soft by any means.

The Gauntlets—both goalkeepers' and ordinary—include professional models made from the best cream-colored horsehide and tanned leather, extra long cuffs and finest quality cane reinforcements, as well as lower priced models for youths, etc.

The Shin Guards, Elbow Guards, Chest Protectors, etc., embody all the features required for the utmost protection to hockey players.

RE-TUBING .22 RIFLE BARRELS

We are again able to do the re-boring of old worn-out .22 rifle barrels and to fit new .22 rifle tubes, making them like new for much less than the cost of a new barrel. We can also rebush the breech if it is the only part worn out. This work is meeting with great success. Prices quoted on request. Complete rifle must be sent in for testing out.
